

1

00:00:09,240 --> 00:00:10,200

Aloha,

2

00:00:10,200 --> 00:00:11,240

MHCP!

3

00:00:11,240 --> 00:00:12,240

Thank you all so much

4

00:00:12,240 --> 00:00:15,560

for taking the time out of your day
to attend this special town hall.

5

00:00:16,440 --> 00:00:20,040

There have been a lot of changes announced
over the course of the last week,

6

00:00:20,040 --> 00:00:23,320

and we wanted to take this opportunity
to overview those changes

7

00:00:23,640 --> 00:00:26,640

with you all and answer your questions.

8

00:00:26,760 --> 00:00:31,720

Before we get started, I would love to
take this time to introduce Marlowe.

9

00:00:32,880 --> 00:00:35,320

And I guess I won't be introducing her,

10

00:00:35,320 --> 00:00:38,320

she'll be introducing herself. Marlow-hey!

11

00:00:38,680 --> 00:00:41,000

Hi, William! Thank you.

12

00:00:41,000 --> 00:00:47,280

I am Marlowe, and I am a new Program Manager on the MHCP Team here at Meta.

13

00:00:47,320 --> 00:00:50,200

I've been here not quite three months yet.

14

00:00:50,200 --> 00:00:53,760

Prior to joining Meta,

I have worked professionally

15

00:00:53,760 --> 00:00:57,720

in program and project management,
technical content strategy,

16

00:00:57,720 --> 00:01:01,400

and managing developer communities
where I spent the past

17

00:01:02,120 --> 00:01:05,400

four years focused on developer
programs and experience.

18

00:01:05,640 --> 00:01:08,640

So, I'm really happy and excited to be here
with all of you today.

19

00:01:08,960 --> 00:01:11,240

Let's take a quick look at today's agenda.

20

00:01:11,240 --> 00:01:13,560

We'll make this really quick
and easy for you all.

21

00:01:13,560 --> 00:01:17,920

We'll be discussing the incoming MHCP expansion
we announced last week

22

00:01:17,920 --> 00:01:19,120

during the Creator Summit,

23

00:01:19,120 --> 00:01:22,240
the new onboarding experience,
updates to Discord,

24

00:01:22,400 --> 00:01:25,320
new expectations for MHCP, spotlight

25

00:01:25,320 --> 00:01:29,120
some of the updates to mentorship,
and then we'll take your questions live.

26

00:01:29,440 --> 00:01:32,520
As a friendly reminder,
we won't be taking questions

27

00:01:32,520 --> 00:01:35,880
about monetization,
pending bonus payouts, tokens, etc.,

28

00:01:36,360 --> 00:01:40,240
as we are focusing today's presentation
on the updates to MHCP.

29

00:01:40,640 --> 00:01:44,640
That said, throughout the presentation,
please leave your questions in the chat

30

00:01:44,640 --> 00:01:46,680
and we will get to
the ones that we are able to.

31

00:01:47,680 --> 00:01:49,440
But without further ado, Marlowe—

32

00:01:49,440 --> 00:01:50,840
take it away, my friend.

33

00:01:50,840 --> 00:01:54,360
Okay, so before we get into the program

updates, it's really important

34

00:01:54,360 --> 00:01:56,080

to do a little bit of housekeeping.

35

00:01:56,080 --> 00:02:00,680

If you haven't done so already,

please sign the new updated program

36

00:02:00,680 --> 00:02:03,680

and monetization terms

as soon as possible.

37

00:02:04,440 --> 00:02:07,440

They need to be signed by October 15th.

38

00:02:07,680 --> 00:02:10,840

Basically,

you must sign the program terms by

39

00:02:10,840 --> 00:02:15,240

October 15th to remain in the MHCP program

and the monetization terms

40

00:02:15,480 --> 00:02:18,880

to get access to IWP

and also your October bonuses.

41

00:02:19,640 --> 00:02:23,720

We sent out instructions over email.

Another email was sent last night.

42

00:02:23,760 --> 00:02:25,480

The instructions are also posted here,

43

00:02:25,480 --> 00:02:29,680

of course, as you can see, and

in the announcements channel in Discord.

44

00:02:29,880 --> 00:02:32,880
And we'll be posting them again
for anyone who hasn't.

45
00:02:33,080 --> 00:02:34,280
So once again, please sign

46
00:02:34,280 --> 00:02:38,560
these new terms as soon as possible
so that you can remain in the program.

47
00:02:38,600 --> 00:02:40,920
If you have any questions about the terms,

48
00:02:40,920 --> 00:02:44,680
feel free to tag me,

49
00:02:44,680 --> 00:02:46,800
Marlowe_Meta, in Discord.

50
00:02:46,800 --> 00:02:52,120
Okay, so we are so excited to finally
announce the MHCP expansion, where we'll be

51
00:02:52,120 --> 00:02:57,000
bringing talented, qualified new creators
into the MHCP program.

52
00:02:57,320 --> 00:03:00,920
This has been underway for a while
now, and I would like to give

53
00:03:00,920 --> 00:03:04,400
a shout out to my incredible colleague
Elisha Tan.

54
00:03:04,400 --> 00:03:05,680
She is here—

55

00:03:05,680 --> 00:03:06,360
camera off

56
00:03:06,360 --> 00:03:09,800
most likely. But she worked tirelessly,

57
00:03:09,800 --> 00:03:13,560
put so much time and energy
and care and attention to detail

58
00:03:13,960 --> 00:03:18,280
into getting this expansion
launched at Connect last week,

59
00:03:18,280 --> 00:03:22,680
so thank you so much, Elisha! And we're
all really excited about this opportunity.

60
00:03:22,680 --> 00:03:27,840
We're excited about what this means for
you, as our legacy members—

61
00:03:28,120 --> 00:03:31,760
that you're going to be able
to get your collaborators into the program

62
00:03:31,760 --> 00:03:34,560
now and give them access
to all of the benefits,

63
00:03:34,560 --> 00:03:38,480
that you're going to be able
to meet and connect with new creators

64
00:03:38,480 --> 00:03:43,120
who are coming in
and knowledge share with them.

65
00:03:43,120 --> 00:03:46,480
For new members coming in,

they're going to finally have access to

66

00:03:47,080 --> 00:03:49,560

advanced tools and technical support

67

00:03:49,560 --> 00:03:53,400

and the benefits that they need to create innovative worlds.

68

00:03:53,600 --> 00:03:56,520

And most importantly,
of course, also for our users

69

00:03:56,520 --> 00:04:00,680

who are going to have even more engaging,
retentive, fantastic,

70

00:04:00,680 --> 00:04:05,880

fun worlds and experiences
to explore in Meta Horizon Worlds.

71

00:04:06,440 --> 00:04:11,560

So on that note, the expansion is both
in numbers and size, and also geographic.

72

00:04:12,480 --> 00:04:15,040

We're expecting MHCP roughly

73

00:04:15,040 --> 00:04:18,080

to double in size by the end of this year.

74

00:04:18,280 --> 00:04:21,640

And there will be more growth
moving forward in 2025.

75

00:04:22,000 --> 00:04:25,880

I want to emphasize that
this program remains exclusive, that while

76

00:04:25,880 --> 00:04:31,040
we are accepting applications, we are also
carefully reviewing each application.

77
00:04:31,040 --> 00:04:35,000
The MHCP team is reviewing
each application, and we're measuring

78
00:04:35,000 --> 00:04:38,240
applicants based against our eligibility
guidelines to make sure

79
00:04:38,240 --> 00:04:42,000
that we're bringing in the most
talented creators into the program.

80
00:04:42,440 --> 00:04:45,800
Our geographic expansion
for now is in Canada

81
00:04:45,800 --> 00:04:51,200
and the UK. Those locations
are eligible to apply at this time.

82
00:04:51,400 --> 00:04:54,720
However, they will not have monetization
benefits right when they join.

83
00:04:54,720 --> 00:04:57,480
But we're targeting the end of year
for that.

84
00:04:57,480 --> 00:05:00,480
More countries will be supported
next year.

85
00:05:00,600 --> 00:05:04,440
We will be updating our FAQ,

86
00:05:04,680 --> 00:05:08,240

the application form, and also letting
all of you know in Discord

87

00:05:08,240 --> 00:05:12,920
when new countries are supported,
so that you can reach out

88

00:05:12,920 --> 00:05:16,440
to your collaborators, friends, network,
and let them know that they can apply.

89

00:05:17,280 --> 00:05:20,280
If someone from an unsupported location
currently applies,

90

00:05:20,400 --> 00:05:23,160
we'll just hold on to their application
for 90 days.

91

00:05:23,160 --> 00:05:26,080
If their location opens up
during that time, we'll review it.

92

00:05:26,080 --> 00:05:29,680
Otherwise, they would need to apply again
after 90 days.

93

00:05:30,400 --> 00:05:32,880
So, I want to let everyone know
that if you are here on this

94

00:05:32,880 --> 00:05:36,800
call—a legacy member—you will retain access
to all of your program

95

00:05:36,800 --> 00:05:40,480
benefits, including one-on-one mentorship
and bonuses.

96

00:05:40,920 --> 00:05:45,880

However, new members coming in
may not have those same benefits.

97

00:05:46,400 --> 00:05:49,240

As we're reviewing applications,
we're going to be

98

00:05:49,240 --> 00:05:53,320

making sure that every candidate meets
our eligibility guidelines in every way,

99

00:05:53,320 --> 00:05:57,600

and offering different program benefits
based on availability and eligibility.

100

00:05:57,840 --> 00:06:00,960

So, please be mindful
as you're communicating

101

00:06:00,960 --> 00:06:04,080

in Discord
that some people that you're talking to

102

00:06:04,080 --> 00:06:07,080

may not have the same benefits
that you do.

103

00:06:07,200 --> 00:06:09,840

William will talk a little bit
more about that later.

104

00:06:09,840 --> 00:06:11,880

So, currently we're accepting applications.

105

00:06:11,880 --> 00:06:15,440

We're really excited about the response
we've had so far to the

106

00:06:15,680 --> 00:06:17,280

expansion announcement.

107

00:06:17,280 --> 00:06:19,800

There is no deadline
when applications need to come in.

108

00:06:19,800 --> 00:06:23,240

They can just keep coming in
and we are reviewing them now.

109

00:06:23,720 --> 00:06:24,240

Okay—

110

00:06:24,240 --> 00:06:27,400

So, in case
you're now concerned that there's

111

00:06:27,400 --> 00:06:31,080

just going to be a ton of new members
dropping into Discord,

112

00:06:31,080 --> 00:06:35,560

I want to assure you that William and I
have created a new onboarding experience,

113

00:06:35,560 --> 00:06:39,480

which will be a gentle, phased approach
to bringing in new members,

114

00:06:39,480 --> 00:06:42,880

and the goal is to help them transition
seamlessly into the community

115

00:06:43,160 --> 00:06:47,560

by ensuring that they're prepared
and engaged and ready to go from day one.

116

00:06:47,920 --> 00:06:49,680

So, what does that look like?

117

00:06:49,680 --> 00:06:52,920
We will be grouping new members
into cohorts.

118
00:06:52,920 --> 00:06:55,280
So, a cohort could be as large as 50.

119
00:06:55,280 --> 00:06:56,880
It could be smaller in number.

120
00:06:56,880 --> 00:06:58,240
It's going to depend on the

121
00:06:58,240 --> 00:07:01,720
qualified applicants that we're getting
and who we welcome into the program.

122
00:07:02,760 --> 00:07:03,600
New cohorts

123
00:07:03,600 --> 00:07:08,640
will land in Discord every Tuesday.
So, they won't be trickling in Wednesday,

124
00:07:08,640 --> 00:07:12,880
Thursday, Friday. Every Tuesday, up to 50
new members could join.

125
00:07:12,920 --> 00:07:17,360
You might see them in general
all of a sudden or in other open channels.

126
00:07:17,680 --> 00:07:20,960
So, how the process works
is that when someone applies and

127
00:07:21,240 --> 00:07:24,280
is accepted into the program,
they will receive a welcome email

128
00:07:24,280 --> 00:07:26,360
very similar to the one that you sent.

129
00:07:26,360 --> 00:07:29,360
Excuse me—that you received
when you joined.

130
00:07:29,400 --> 00:07:33,280
They will then need to sign the program
and monetization terms, right?

131
00:07:33,280 --> 00:07:37,160
Reminder: everyone needs to sign
these—new members, existing members.

132
00:07:38,040 --> 00:07:41,840
And then they are going to be grouped
into a cohort.

133
00:07:42,040 --> 00:07:43,400
Cohorts could be grouped

134
00:07:43,400 --> 00:07:47,240
geographically. For example,
we'll likely have a cohort just for the UK.

135
00:07:47,440 --> 00:07:48,000
And this way,

136
00:07:48,000 --> 00:07:53,240
those members can support each other
and connect when many of us are sleeping.

137
00:07:54,680 --> 00:07:55,720
After they've been grouped

138
00:07:55,720 --> 00:07:59,080
into a cohort,
they will get limited access to Discord.

139

00:07:59,080 --> 00:08:01,080

So, just a subset of channels.

140

00:08:01,080 --> 00:08:03,920

This includes a cohort channel
where they're going to have

141

00:08:03,920 --> 00:08:07,360

the opportunity to just chat
and hang out and get to know each other,

142

00:08:07,800 --> 00:08:10,320

and they'll be in this channel
for a couple of days.

143

00:08:10,320 --> 00:08:12,760

The channel will persist indefinitely,

144

00:08:12,760 --> 00:08:15,840

so that they can continue
to have the space just for them

145

00:08:15,840 --> 00:08:17,400

if they choose to use it.

146

00:08:17,400 --> 00:08:20,040

They'll also gain access
to a knowledge library,

147

00:08:20,040 --> 00:08:23,200

which is a list of our top docs

148

00:08:23,200 --> 00:08:26,400

and resources on important

149

00:08:26,520 --> 00:08:31,760

advanced topics like Desktop Editor, TypeScript,
Custom Model Import,

150

00:08:31,760 --> 00:08:35,400

and all of the tools that you all rely
on to create your worlds.

151

00:08:35,520 --> 00:08:37,560

And they'll also be given an onboarding
checklist.

152

00:08:37,560 --> 00:08:41,840

This is going to be a series of videos
and resources for them to

153

00:08:42,120 --> 00:08:46,520

complete, watch, learn from,
so that they know how to navigate Discord.

154

00:08:46,640 --> 00:08:50,400

They understand the code of conduct,
they're aware of all their resources,

155

00:08:50,400 --> 00:08:54,040

and they're generally oriented
into Discord.

156

00:08:54,280 --> 00:08:58,480

And the goal here, again, is to minimize
disruption in all of our other channels,

157

00:08:58,480 --> 00:09:02,280

so that the folks who are coming in
are going to know what to do

158

00:09:02,280 --> 00:09:03,360

and where to do it.

159

00:09:04,360 --> 00:09:05,000

And then every

160

00:09:05,000 --> 00:09:08,000
Tuesday, William
and I will host a meet and greet call

161
00:09:08,120 --> 00:09:12,120
where we are going to talk
about the program benefits,

162
00:09:12,120 --> 00:09:15,760
and opportunities,
and guidelines, and rules of engagement.

163
00:09:16,280 --> 00:09:19,640
And, we're also going to have a couple
of networking breakout sessions,

164
00:09:19,640 --> 00:09:23,120
so that these creators can get to know
each other a little bit more in real-time.

165
00:09:23,520 --> 00:09:26,960
After the call,
they will all gain full Discord access.

166
00:09:27,280 --> 00:09:29,760
So over to you, William.

167
00:09:29,760 --> 00:09:31,360
Thanks, Marlowe.

168
00:09:31,360 --> 00:09:35,360
So, as you may have noticed, we've begun
rolling out our server overhaul

169
00:09:35,360 --> 00:09:39,880
to make it a little bit more organized,
accessible, and valuable for you all.

170
00:09:40,680 --> 00:09:44,160
We understand how critical it is for you

all to find information

171

00:09:44,160 --> 00:09:45,360
that you need quickly.

172

00:09:45,360 --> 00:09:48,720
And our aim with this overhaul
is to create an environment

173

00:09:48,720 --> 00:09:52,600
where you can focus on what matters
most: creativity,

174

00:09:52,800 --> 00:09:55,800
collaboration, and community.

175

00:09:55,880 --> 00:09:57,200
First, we're introducing

176

00:09:57,200 --> 00:10:00,360
a brand new knowledge library,
which Marlow has already covered.

177

00:10:01,000 --> 00:10:04,960
This will be a comprehensive hub
for a good number of resources.

178

00:10:04,960 --> 00:10:10,160
I'm not going to say it's everything in
our knowledge banks, or in Zendesk, etc.,

179

00:10:10,400 --> 00:10:14,080
but it covers everything from the basics
that our new users may need,

180

00:10:14,680 --> 00:10:19,440
or new program members may need—such as
Horizon 101 stuff, to advanced tutorials,

181

00:10:19,920 --> 00:10:21,000
et ecetera.

182
00:10:21,000 --> 00:10:25,080
Our goal here is to link out key knowledge
so you don't have to go hunting for it,

183
00:10:25,080 --> 00:10:27,160
or they don't have to go hunting for it,

184
00:10:27,160 --> 00:10:31,360
especially if they are newer to the
community or newer to MHCP.

185
00:10:32,640 --> 00:10:33,720
Eventually,

186
00:10:33,720 --> 00:10:37,560
the knowledge will be linking out
to our new creator website,

187
00:10:37,800 --> 00:10:41,560
but in the meantime the current
workaround is the link out to Zendesk.

188
00:10:42,200 --> 00:10:45,600
In addition, we're enhancing
support through a ticketing system

189
00:10:45,840 --> 00:10:48,160
that will be replacing TMP channels.

190
00:10:48,160 --> 00:10:51,000
You may notice that some of your TMP
channels are being wound

191
00:10:51,000 --> 00:10:53,160
down,
or will go away as soon as you're done

192
00:10:53,160 --> 00:10:59,280
with your current Meta engagements,
or your existing bug issues, reports, etc.

193
00:10:59,560 --> 00:11:00,800
are handled.

194
00:11:00,800 --> 00:11:05,280
This change comes directly from your
feedback, and we're excited to provide you

195
00:11:05,280 --> 00:11:09,800
a way to receive faster, more effective
responses to your questions and

196
00:11:09,960 --> 00:11:11,080
issues.

197
00:11:11,080 --> 00:11:12,880
Further, we have a brand new team

198
00:11:12,880 --> 00:11:16,160
member—Esok or Isaac,
or whichever you prefer to call him—

199
00:11:16,800 --> 00:11:21,080
who will be in your ticketing channels
whenever you create them, spin them up,

200
00:11:22,040 --> 00:11:22,680
who's a

201
00:11:22,680 --> 00:11:25,680
dedicated support member of our team.

202
00:11:25,760 --> 00:11:29,520
We understand how timely support should be
and needs to be,

203
00:11:29,800 --> 00:11:33,280
and this new system is designed to ensure
your voice is heard

204
00:11:33,280 --> 00:11:36,360
and addressed every single time
in a timely fashion.

205
00:11:36,480 --> 00:11:37,560
Have I said timely enough?

206
00:11:37,560 --> 00:11:38,840
I think I've said it a couple times,

207
00:11:38,840 --> 00:11:41,840
but just really trying to nail
that point home!

208
00:11:42,480 --> 00:11:45,600
As for the EA channels,
we've seen this question come up a lot.

209
00:11:45,600 --> 00:11:49,440
You all may have seen me in the EA channels
on the public Discord trying to address

210
00:11:49,440 --> 00:11:50,880
this stuff.

211
00:11:50,880 --> 00:11:55,040
We've started moving these over
to the main MHCP Discord server.

212
00:11:55,760 --> 00:11:58,080
We want to create one cohesive space

213
00:11:58,080 --> 00:12:01,600
where the entire community can interact,
share insights, and learn together.

214
00:12:02,160 --> 00:12:06,560
The historical content will still exist
on the public server for reference,

215
00:12:06,840 --> 00:12:09,840
but we're bringing all the active
conversations to our unified

216
00:12:09,840 --> 00:12:12,840
space on the MHCP Discord server.

217
00:12:13,200 --> 00:12:16,080
Once all EA members are in MHCP,

218
00:12:16,080 --> 00:12:19,040
we will be converting those channels
to read-only.

219
00:12:19,040 --> 00:12:19,920
Don't worry.

220
00:12:19,920 --> 00:12:23,760
All Metamates that have been engaging
you guys in those channels, such as the

221
00:12:24,000 --> 00:12:27,000
CMI, Gen AI, etc.,

222
00:12:27,360 --> 00:12:30,040
they'll be joining the MHCP Discord server,

223
00:12:30,040 --> 00:12:34,040
so you're not going to lose access
to internal resources or SMEs.

224
00:12:34,320 --> 00:12:38,280
So, now that we've discussed
the updates to the server and a little bit

225

00:12:38,280 --> 00:12:42,480
about expansion, I want to take a moment
to set some clear expectations

226

00:12:42,480 --> 00:12:46,000
for how we engage with one
another in this community going forward.

227

00:12:46,680 --> 00:12:47,720
As we move forward,

228

00:12:47,720 --> 00:12:51,440
maintaining a productive
and respectful environment is essential.

229

00:12:51,880 --> 00:12:56,160
This is not a new chapter,
but the next chapter in MHCP's book.

230

00:12:56,880 --> 00:13:00,240
Firstly, it's important
to remember that this is a Meta-owned

231

00:13:00,240 --> 00:13:04,000
Discord community, and it's crucial
that we keep things professional.

232

00:13:04,360 --> 00:13:06,840
This means treating one another
with respect,

233

00:13:06,840 --> 00:13:10,720
refraining from unproductive behavior,
and adhering to the guidelines

234

00:13:10,720 --> 00:13:12,120
we've established.

235

00:13:12,120 --> 00:13:15,240

Professionalism

doesn't mean that we can't have fun

236

00:13:15,400 --> 00:13:18,120

or that creativity needs to be restricted.

237

00:13:18,120 --> 00:13:20,040

Quite the opposite, actually.

238

00:13:20,040 --> 00:13:24,000

A professional environment is one
that allows everyone to be heard, fosters

239

00:13:24,000 --> 00:13:28,360

meaningful discussions, and ensures
that all contributions are valued.

240

00:13:28,800 --> 00:13:32,880

The more we collectively uphold this
standard, the stronger our community will

241

00:13:32,880 --> 00:13:38,040

be. Next, I want to emphasize the value
of constructive communication versus,

242

00:13:38,840 --> 00:13:41,200

let's call them unproductive comments.

243

00:13:41,200 --> 00:13:44,600

Constructive communication
means sharing your ideas and feedback

244

00:13:44,760 --> 00:13:48,960

in a way that contributes to the solution,
rather than dwelling on the problem.

245

00:13:49,320 --> 00:13:52,200

Don't get me wrong, I know some of
the problems can be a pain in the ass.

246

00:13:53,160 --> 00:13:56,160

Especially to us internally. But,

247

00:13:56,760 --> 00:14:01,480

we ask you all to be more solutions-oriented
rather than problem-oriented.

248

00:14:01,960 --> 00:14:04,440

If something isn't working
or if you have concerns,

249

00:14:04,440 --> 00:14:06,600

listen, we welcome that feedback!

250

00:14:06,600 --> 00:14:10,120

But the key is framing it in a way
that helps us move forward.

251

00:14:10,520 --> 00:14:15,040

Let's just shift from venting
to suggesting actionable improvements.

252

00:14:15,440 --> 00:14:18,800

This mindset will not only make
our community more effective,

253

00:14:18,960 --> 00:14:22,080

but also more supportive
and enjoyable for everyone involved—

254

00:14:22,080 --> 00:14:25,120

both Metamates, external partners, etc.

255

00:14:26,320 --> 00:14:28,520

To help keep conversations
organized and productive,

256

00:14:28,520 --> 00:14:29,840

by the way, we ask that

257

00:14:29,840 --> 00:14:33,480

you discuss bonuses and mentorship
in designated channels only.

258

00:14:33,920 --> 00:14:37,600

This ensures that we maintain
focus on each area of the server,

259

00:14:37,880 --> 00:14:40,880

and relevant discussions are easy to find.

260

00:14:41,120 --> 00:14:45,000

When bonuses and mentorships discussions
are kept in their respective channels,

261

00:14:45,200 --> 00:14:48,240

it helps us to respond more effectively,
efficiently, and ensures

262

00:14:48,240 --> 00:14:50,800

everyone can benefit
from that information shared.

263

00:14:50,800 --> 00:14:54,280

And so that we're not posting it
a dozen different times in a dozen

264

00:14:54,280 --> 00:14:56,040

different channels.

265

00:14:56,040 --> 00:14:59,040

The more intentional
we are about how and where we communicate,

266

00:14:59,280 --> 00:15:02,280

the better
the experience will be for everyone.

267

00:15:02,360 --> 00:15:05,520

By aligning with these expectations,
I think we can create a community

268

00:15:05,520 --> 00:15:09,480

that not only professionally
and constructively supports one another,

269

00:15:09,720 --> 00:15:13,200

but is also a genuinely enjoyable
and empowering space to be in.

270

00:15:14,240 --> 00:15:14,880

Speaking

271

00:15:14,880 --> 00:15:17,880

as a first time comer to the summit
this year,

272

00:15:17,880 --> 00:15:21,400

seeing you all already behave like that
just warms my heart

273

00:15:21,400 --> 00:15:24,840

and kind of makes this slide
feel a little redundant. But,

274

00:15:26,200 --> 00:15:27,120

it's worth-

275

00:15:27,120 --> 00:15:29,960

it has its merits
to mention all over again.

276

00:15:29,960 --> 00:15:32,680

So, let's make sure
our environmental supports

277

00:15:32,680 --> 00:15:35,680

are a step up in every way possible.

278

00:15:35,920 --> 00:15:41,600

So, now that we're expanding the program
and many new members who will be coming

279

00:15:41,600 --> 00:15:44,640

in will have access to
one-on-one mentorship,

280

00:15:45,040 --> 00:15:48,480

how does this affect
mentoring, and mentors' time,

281

00:15:48,480 --> 00:15:51,480

and the mentor program?

282

00:15:51,480 --> 00:15:54,920

So, moving forward in Q4
we're not going to be making

283

00:15:54,920 --> 00:15:57,400

any significant changes
to the mentor program.

284

00:15:57,400 --> 00:16:00,400

We're not adding any new mentors.

285

00:16:00,600 --> 00:16:04,280

Our focus is going to be on leveraging
the mentors' skills

286

00:16:04,280 --> 00:16:08,480

and knowledge
to reach and assist more MHCP members.

287

00:16:08,760 --> 00:16:11,720

So, we are going to be making some changes.

288

00:16:11,720 --> 00:16:13,720

First one,

I think everyone will be happy about:

289

00:16:13,720 --> 00:16:15,720

we're increasing mentor hours.

290

00:16:15,720 --> 00:16:20,880

So, this means some mentors will have more hours available for one-on-one sessions.

291

00:16:21,200 --> 00:16:24,040

Other mentors will be focused on workshops

292

00:16:24,040 --> 00:16:27,040

and creating tutorials or videos.

293

00:16:27,360 --> 00:16:30,760

All of our mentors

now will be participating in the Ask

294

00:16:30,760 --> 00:16:32,360

a Question channel.

295

00:16:32,360 --> 00:16:35,160

And please utilize this channel.

296

00:16:35,160 --> 00:16:36,640

Actually,

297

00:16:36,640 --> 00:16:40,920

thanks to a mentor suggestion, we have created a series of new channels by topic.

298

00:16:41,120 --> 00:16:45,120

So, we have some new channels on Custom Model Import, on scripting,

299

00:16:45,600 --> 00:16:47,080

on Navmesh, Gen AI.

300

00:16:47,080 --> 00:16:51,600

So, when you have a specific question
that doesn't require a full

301

00:16:51,960 --> 00:16:55,080

one-on-one mentor
session, please utilize these channels

302

00:16:55,080 --> 00:16:58,680

and you can tag @mentors
to get their attention.

303

00:16:59,160 --> 00:17:03,440

So, when it comes to these channels,
not only are we going to encourage

304

00:17:03,440 --> 00:17:06,440

all of our legacy members to use them,
but this is what we're going

305

00:17:06,440 --> 00:17:09,600

to be encouraging our incoming members

306

00:17:09,600 --> 00:17:13,600

to use as well, as their first way
to get the help that they need.

307

00:17:13,760 --> 00:17:17,240

We would like to keep one-on-one mentor
sessions reserved

308

00:17:17,520 --> 00:17:21,640

for advanced technical support,
troubleshooting, debugging,

309

00:17:21,800 --> 00:17:26,320

basically using the mentors in ways
where they have the most expertise.

310

00:17:26,600 --> 00:17:30,520

So for general questions, general learning, please use these channels.

311

00:17:30,520 --> 00:17:33,240

The mentors will be checking these channels.

312

00:17:33,240 --> 00:17:37,920

And you can also answer questions there too, so that we can knowledge share

313

00:17:37,920 --> 00:17:42,440

and our new members can get to know who you are. For one-on-one sessions,

314

00:17:42,800 --> 00:17:47,600

we are going to soon be adding the ability for you to book 30-minute sessions.

315

00:17:47,880 --> 00:17:50,640

So, if you know that you just have like a quick question

316

00:17:50,640 --> 00:17:54,560

that you need specific expertise in, please book a 30-minute session.

317

00:17:54,560 --> 00:17:57,680

There are still one-hour sessions available,

318

00:17:58,120 --> 00:18:02,040

but 30-minute sessions are going to be open now for

319

00:18:02,360 --> 00:18:05,160

shorter topics so that a mentor can help two people

320

00:18:05,160 --> 00:18:08,160
in an hour instead of just one.

321

00:18:08,360 --> 00:18:11,520
And I also want to note
that if you are collaborating

322

00:18:11,520 --> 00:18:16,160
with someone who does not have
one-on-one mentor access,

323

00:18:16,560 --> 00:18:20,640
they can participate in a
one-on-one mentor session with you.

324

00:18:21,120 --> 00:18:23,040
So, any of your collaborators
that you're building

325

00:18:23,040 --> 00:18:26,360
a world with can join in on the
one-on-one mentor session.

326

00:18:27,080 --> 00:18:31,600
And as a reminder, you can only book
two hours of sessions a week.

327

00:18:31,600 --> 00:18:35,760
So, that could be two one-hour sessions,
four 30-minute sessions, it's up to you.

328

00:18:35,920 --> 00:18:38,920
But you do need to use different mentors.

329

00:18:39,240 --> 00:18:41,880
And we also no longer have a waitlist.

330

00:18:41,880 --> 00:18:45,200

So, we're going to, again,
be seeing how everything goes.

331

00:18:45,240 --> 00:18:50,040

We're going to be,
monitoring community needs.

332

00:18:50,040 --> 00:18:54,360

We're going to be talking to our mentors,
figuring out what we need, and we will

333

00:18:54,840 --> 00:18:57,840

adjust and make changes moving forward
if necessary.

334

00:18:58,120 --> 00:19:01,120

We're also going to start
recording our workshops

335

00:19:01,360 --> 00:19:04,280

and posting them in documentation.

336

00:19:04,280 --> 00:19:07,120

We're also often going to have tutorials
made out of them,

337

00:19:07,120 --> 00:19:08,400

video clips.

338

00:19:08,400 --> 00:19:11,520

And the goal here is that
if someone isn't able to attend a session

339

00:19:11,520 --> 00:19:14,520

or for future members coming in
who aren't in the program yet,

340

00:19:14,520 --> 00:19:18,880

they'll be able to benefit from all
of these materials and knowledge as well.

341
00:19:20,000 --> 00:19:20,280
And if

342
00:19:20,280 --> 00:19:24,000
you haven't yet, please
fill out the Skills Matrix survey.

343
00:19:24,040 --> 00:19:25,920
This is really important.

344
00:19:25,920 --> 00:19:29,920
We are using this survey data
to figure out

345
00:19:29,920 --> 00:19:33,200
what exactly
we need to focus our resources on.

346
00:19:33,360 --> 00:19:36,600
So, the areas where you want to grow
and learn, this is where

347
00:19:36,600 --> 00:19:39,680
we're going
to work on creating workshops for you—

348
00:19:39,680 --> 00:19:42,200
documentation, tutorials, videos, etc.

349
00:19:42,200 --> 00:19:44,280
So, please fill out that survey.

350
00:19:44,280 --> 00:19:46,600
Okay. Back to you, William.

351
00:19:46,600 --> 00:19:49,120
So, let's wrap things up

352

00:19:49,120 --> 00:19:53,120
before we get into the live Q&A.
Looking ahead, I want to emphasize

353

00:19:53,120 --> 00:19:57,200
that this community
is driven by each and every one of you.

354

00:19:57,480 --> 00:20:00,480
You are the leaders

355

00:20:00,720 --> 00:20:03,720
who will set the standard
for the future of MHCP.

356

00:20:04,000 --> 00:20:05,040
Your actions,

357

00:20:05,040 --> 00:20:08,840
your contributions, and interactions
determine the culture we create here.

358

00:20:09,320 --> 00:20:11,200
Take pride in the role you play.

359

00:20:11,200 --> 00:20:12,480
Lead by example.

360

00:20:12,480 --> 00:20:16,520
Be proactive and embody the values
that makes this community thrive.

361

00:20:17,280 --> 00:20:20,840
The way you approach challenges,
the way you celebrate successes,

362

00:20:21,120 --> 00:20:24,760
and the way you support each other
will shape what this community stands for,

363

00:20:24,960 --> 00:20:27,960

not just for this expansion,
but well into the future.

364

00:20:28,080 --> 00:20:31,080

Another key aspect of moving forward
is supporting new members.

365

00:20:31,440 --> 00:20:33,720

Growth is one of our core goals.

366

00:20:33,720 --> 00:20:36,640

And with growth comes the responsibility
of making sure

367

00:20:36,640 --> 00:20:39,640

new members
feel welcome and prepared to contribute.

368

00:20:39,840 --> 00:20:43,120

Share your knowledge and experiences,
whether it's offering advice

369

00:20:43,120 --> 00:20:47,400

on a technical issue,
providing context on program expectations,

370

00:20:47,920 --> 00:20:50,480

or even where you messed up,
maybe

371

00:20:50,480 --> 00:20:53,960

in one of your previous world designs
and you can give one of

372

00:20:54,200 --> 00:20:57,440

our new members a little heads up
that, "Hey, that might not work out."

373

00:20:58,520 --> 00:21:00,960
Or simply just being available
to answer questions.

374

00:21:00,960 --> 00:21:02,800
Your insights are invaluable.

375

00:21:02,800 --> 00:21:04,480
And by supporting new members,

376

00:21:04,480 --> 00:21:08,120
you help create a stronger,
more capable community for all of us.

377

00:21:09,000 --> 00:21:13,320
We also want to keep building
and inspiring inclusive spaces.

378

00:21:13,800 --> 00:21:16,800
That's not just about how we create.

379

00:21:17,640 --> 00:21:20,200
It's not just about what we create—
my bad.

380

00:21:20,200 --> 00:21:21,880
<i>It's about how we create.</i>

381

00:21:21,880 --> 00:21:24,600
Inclusivity
means that every voice matters.

382

00:21:24,600 --> 00:21:26,840
Every person has something to contribute.

383

00:21:26,840 --> 00:21:28,440
Let's make sure everyone feels empowered

384

00:21:28,440 --> 00:21:31,560
to share their ideas,
take creative risks, and grow.

385
00:21:32,480 --> 00:21:36,320
Finally, remember that this is
only the beginning of what is to come.

386
00:21:37,000 --> 00:21:40,960
The changes we're introducing today are
setting the stage for much bigger things.

387
00:21:41,120 --> 00:21:43,800
We have ambitious goals
and we're committed to giving you

388
00:21:43,800 --> 00:21:47,400
the tools, support,
and opportunities needed to reach them.

389
00:21:47,920 --> 00:21:51,480
Let's stay focused, stay supportive,
and keep pushing the boundaries

390
00:21:51,480 --> 00:21:53,560
of what we can achieve together.

391
00:21:53,560 --> 00:21:56,880
The journey ahead is full of possibilities
and I'm excited

392
00:21:56,880 --> 00:21:58,680
to see what you all will create.

393
00:21:58,680 --> 00:22:00,440
Man, that was a lot to remember.

394
00:22:01,400 --> 00:22:03,360
So, now we're going to go into the live

395

00:22:03,360 --> 00:22:07,480

Q&A! And please feel free to hit us
with whatever you have.

396

00:22:07,520 --> 00:22:11,200

We have a few questions
that have come in early.

397

00:22:11,800 --> 00:22:14,600

Thank you
to everyone who completed the form.

398

00:22:14,600 --> 00:22:17,480

Marlowe,
would you like to take the first one?

399

00:22:17,480 --> 00:22:20,320

That one is from PurpleWren.

400

00:22:20,320 --> 00:22:24,600

<i>In what ways will the new expansion</i>
<i>hurt current MHCP members?</i>

401

00:22:24,720 --> 00:22:26,880

Thanks for the question, PurpleWren.

402

00:22:26,880 --> 00:22:31,920

We don't anticipate that it will harm
existing members.

403

00:22:32,720 --> 00:22:35,120

The expansion was carefully planned

404

00:22:35,120 --> 00:22:38,800

so that we would only be offering
more opportunities to new creators.

405

00:22:39,120 --> 00:22:42,720

And also for you to have continuity

in the benefits

406

00:22:42,720 --> 00:22:45,720
that you have.

407

00:22:46,480 --> 00:22:50,040
And also the bonus
structure isn't changing at this time.

408

00:22:50,040 --> 00:22:53,320
So, what we'll be doing, again,
is just measuring how the

409

00:22:53,320 --> 00:22:56,880
the rollout happens, how it goes
with all of these new creators coming in.

410

00:22:57,040 --> 00:23:00,240
And if we see any concerns,
if there's any feedback

411

00:23:00,240 --> 00:23:03,360
that there's any potential harm,
we will investigate that.

412

00:23:03,640 --> 00:23:07,120
But we have planned this all, again, very
carefully to ensure that all we're doing

413

00:23:07,120 --> 00:23:10,320
is providing more opportunities
to more qualified creators.

414

00:23:11,040 --> 00:23:13,560
Next one comes from Shards,
and I kind of already addressed

415

00:23:13,560 --> 00:23:16,560
it during the presentation,
but hey, it's worth meriting

416

00:23:16,760 --> 00:23:17,920
a response again.

417

00:23:17,920 --> 00:23:21,680
So, the EA channels--
they have a lot of historical info.

418

00:23:22,800 --> 00:23:23,400
You all have

419

00:23:23,400 --> 00:23:26,760
have been able to engage with Metamates
and subject matter experts in there.

420

00:23:27,240 --> 00:23:31,840
Don't worry. Again,
once all of EA--every last member of that

421

00:23:31,840 --> 00:23:36,760
EA channel that are in MHCP right now--
are brought into the program,

422

00:23:37,560 --> 00:23:40,120
we will be converting that channel
to read-only.

423

00:23:40,120 --> 00:23:43,840
And we will make sure all subject matter
experts and Metamates, etc.

424

00:23:44,160 --> 00:23:47,920
will be over in the MHCP server
to keep an eye out and help you all.

425

00:23:50,040 --> 00:23:53,240
The next one comes from Not-The-Bake.

426

00:23:53,720 --> 00:23:57,320

<i>Is everyone under the same NDA,</i>
<i>or do we have to be cautious</i>

427

00:23:57,320 --> 00:23:59,000

<i>about what we talk about?</i>

428

00:23:59,000 --> 00:23:59,800

Marlowe-

429

00:23:59,800 --> 00:24:02,520

it seems like this might be right up
your alley, my friend.

430

00:24:02,520 --> 00:24:03,840

I will take that one. Thank you!

431

00:24:03,840 --> 00:24:06,480

Everyone signs the same-
this is a great question,

432

00:24:06,480 --> 00:24:07,320

thank you for asking it.

433

00:24:07,320 --> 00:24:08,160

Everyone signs

434

00:24:08,160 --> 00:24:11,880

the same terms and conditions
and has access to the same advanced tools.

435

00:24:12,120 --> 00:24:16,000

So, in that regard, yes,
you're all under the same NDA.

436

00:24:16,120 --> 00:24:21,240

The only difference is the program
benefits, which is one-on-one mentorship

437

00:24:21,240 --> 00:24:25,920

and bonuses, all members
may not have access to those benefits.

438

00:24:25,920 --> 00:24:30,240
But in terms of the NDA and the tools,
you all have the same access.

439

00:24:30,480 --> 00:24:34,600
And again, to reiterate what William said,
please be mindful of using the

440

00:24:34,600 --> 00:24:38,800
the appropriate channels for discussions
around bonuses and mentorship,

441

00:24:39,040 --> 00:24:42,680
so that people
who don't have access to those benefits

442

00:24:42,680 --> 00:24:45,680
won't feel too left out.

443

00:24:45,880 --> 00:24:49,840
The next one comes from,
yet again, the miraculous Mr.

444

00:24:49,840 --> 00:24:50,480
Shards.

445

00:24:51,480 --> 00:24:52,560
The collaborator for

446

00:24:52,560 --> 00:24:56,160
mentor sessions
needs to be in the MHCP program, no?

447

00:24:56,360 --> 00:24:59,520
So, if you're having another person,
a collaborator,

448

00:24:59,560 --> 00:25:03,600
come join the mentor session, do
they need to be in MHCP?

449

00:25:03,800 --> 00:25:06,320
Marlowe, seems to like another one
right up your alley.

450

00:25:06,320 --> 00:25:07,160
Another one for me!

451

00:25:07,160 --> 00:25:08,160
Most definitely. Yes!

452

00:25:08,160 --> 00:25:11,760
They do need to be in the program
because then they will have signed the NDA

453

00:25:11,760 --> 00:25:14,760
and be using the same tools.

454

00:25:14,960 --> 00:25:20,080
So yes, any collaborator that you work
with must be in the MHCP program

455

00:25:20,080 --> 00:25:23,080
in order to attend the one-on-one
mentoring sessions.

456

00:25:23,400 --> 00:25:26,920
Monsieur Habitor—
you mentioned that monetization

457

00:25:26,920 --> 00:25:29,920
is not something
new members will necessarily have.

458

00:25:30,120 --> 00:25:32,880
Is it expected

that all new members will have a path

459

00:25:32,880 --> 00:25:36,240

to monetization,
or is there a different set of criteria?

460

00:25:36,840 --> 00:25:38,800

And he has a follow up one,

461

00:25:38,800 --> 00:25:42,160

but Marlowe, let's kick off this first part.

462

00:25:42,560 --> 00:25:43,800

Okay, sure!

463

00:25:43,800 --> 00:25:47,040

So, first I want to say that all members

464

00:25:47,040 --> 00:25:51,240

will have access to IWP.

465

00:25:51,480 --> 00:25:53,640

So, when we talk about monetization
benefits,

466

00:25:53,640 --> 00:25:55,120

that's only referring to bonuses.

467

00:25:55,120 --> 00:25:56,640

So, all members have access
to IWP

468

00:25:57,600 --> 00:26:00,240

and all members can
participate in mentor-led

469

00:26:00,240 --> 00:26:04,440

workshops, in the question
channels, in mentor-created content.

470

00:26:04,440 --> 00:26:09,120

It's exclusively one-on-one sessions
and bonuses that are different.

471

00:26:09,280 --> 00:26:13,440

So, everyone has the same opportunity
to be considered for the bonus program,

472

00:26:13,600 --> 00:26:15,480

and it's evaluated based on the same

473

00:26:15,480 --> 00:26:19,240

set of criteria guidelines
which is set for the bonus.

474

00:26:19,400 --> 00:26:24,160

So, the monetization tools are given based
on country availability at this time.

475

00:26:24,360 --> 00:26:28,480

So, when I was referring to that earlier,
that was just saying that our creators

476

00:26:28,480 --> 00:26:32,280

who are coming from Canada
and the United Kingdom won't have access

477

00:26:32,600 --> 00:26:36,200

immediately when they join, if they join
in the coming weeks.

478

00:26:36,440 --> 00:26:39,400

But that moving forward
by the end of the year, they will.

479

00:26:39,400 --> 00:26:40,720

You are a professional.

480

00:26:40,720 --> 00:26:43,880
Did you all know that this is her
first ever one of these?

481
00:26:43,880 --> 00:26:46,200
I mean, could have fooled me.

482
00:26:46,200 --> 00:26:48,120
And yeah, Habitor, like you said-

483
00:26:48,120 --> 00:26:52,080
your answer more or less
covered his second part of his question.

484
00:26:52,640 --> 00:26:56,280
Really quickly, this is a great shout
out by Monsieur Scout House.

485
00:26:57,440 --> 00:26:59,320
Do we want to call out the Scout House
role?

486
00:26:59,320 --> 00:27:03,720
So yeah, with the new Discord
server tweaks, upgrades-whatever.

487
00:27:04,200 --> 00:27:06,360
We've separated Scout House from Meta.

488
00:27:06,360 --> 00:27:09,840
Scout House, for those of you who weren't
at the summit or don't already know,

489
00:27:10,080 --> 00:27:14,160
they are our wonderful partners
who help us with education,

490
00:27:14,320 --> 00:27:18,120
mentorship, production,
such as for this event,

491

00:27:18,400 --> 00:27:21,320
et cetera.

492

00:27:21,320 --> 00:27:23,120
Their role is now separate,

493

00:27:23,120 --> 00:27:26,160
so you can tell who's from Scout House
and who's from Meta.

494

00:27:27,360 --> 00:27:28,720
Tawalu, for example,

495

00:27:28,720 --> 00:27:31,880
Ben—some of you had the opportunity
to meet him at the Creator Summit.

496

00:27:32,120 --> 00:27:37,840
He is one of the Community Managers from
Scout House who helps me out quite a lot.

497

00:27:38,560 --> 00:27:41,920
And he's in your TMP
channels and realistically,

498

00:27:42,120 --> 00:27:45,080
we couldn't do this without him. So, Ben—

499

00:27:45,080 --> 00:27:46,680
Thanks, pal! We appreciate you.

500

00:27:49,600 --> 00:27:52,600
Next up—

501

00:27:53,200 --> 00:27:56,480
TheGuru!
With the expansion of the program,

502

00:27:56,520 --> 00:28:00,720

will there be potential
to bring on new mentors?

503

00:28:01,200 --> 00:28:03,600

Okay, so most definitely!

504

00:28:03,600 --> 00:28:08,680

As I stated, we are going to be
measuring it throughout this quarter,

505

00:28:08,720 --> 00:28:10,600

figuring out what the community needs.

506

00:28:10,600 --> 00:28:13,920

Figuring out how the mentors are doing.
Listening to everyone's feedback.

507

00:28:13,920 --> 00:28:17,200

And we are then going
to figure out our plans for next year,

508

00:28:17,360 --> 00:28:20,360

which may include adding new mentors, yes.

509

00:28:20,640 --> 00:28:23,720

Yeah, I think that's a good way to
to cap things off.

510

00:28:23,960 --> 00:28:28,080

Just wanted to say, by the way, really
quickly, on behalf of the entire team—

511

00:28:28,760 --> 00:28:31,680

This expansion effort,
everything that we've done

512

00:28:31,680 --> 00:28:34,680

over the last couple months

that we've kept hush-hush about-

513

00:28:35,560 --> 00:28:37,040

It's all been inspired by you guys.

514

00:28:37,040 --> 00:28:39,920

We really,
really appreciate the incredible worlds

515

00:28:39,920 --> 00:28:42,600

you create, the engagement
we see in the Discord,

516

00:28:42,600 --> 00:28:45,960

the positivity that was just radiating

517

00:28:46,560 --> 00:28:50,040

from the Creator Summit this past week.
And getting to meet you all in person,

518

00:28:51,000 --> 00:28:52,720

or some of you in person, I should say.

519

00:28:52,720 --> 00:28:54,880

Just-thank you guys!

520

00:28:54,880 --> 00:28:57,920

For being one of the best programs
we could have ever asked for.

521

00:28:58,680 --> 00:29:01,760

And one of the best creator communities
we could have ever asked for.

522

00:29:04,680 --> 00:29:05,680

Yeah,

523

00:29:05,680 --> 00:29:08,640

I think that's my wrap up little speech.

524

00:29:08,640 --> 00:29:10,320

Marlowe, do you have anything before we...

525

00:29:10,320 --> 00:29:13,080

Yeah! Go sign the program terms.

526

00:29:13,080 --> 00:29:14,720

Oh, yeah, yeah, yeah!

527

00:29:14,720 --> 00:29:17,520

Sign the terms, please!

We don't want to lose any of you guys.

528

00:29:17,520 --> 00:29:19,960

Yeah, I don't want to lose you guys.

I'm Just getting to know you!
